EVENT NOTIFICATION – DAeC Nr. F3-21-2

German Open F3F 2021

International German Championship F3F 2021

- Date:** 15.10.2021 - 17.10.2021
- Organizer:** Deutscher Aero Club e.V., Bundeskommission Modellflug
Sportausschuss Segelflug, Fachreferat F3F
- Hosting club:** Modellflugsportclub TU Dresden e.V.
<http://www.f3f.de>
- Location:** Rügen island / Wittow peninsula
- Competition organizer:** Franz Demmler, Robert Matthes, Erik Schufmann
franz@tudm.biz
- Competition director:** Franz Demmler
franz@tudm.biz
- Competition rules:** by participating in the competition the pilot acknowledges the following rules:
- FAI Sporting Code Section 4, Aeromodelling-CIAM General Rules, 2021 Edition, Section C, CIAM General Rules for International Contests Page 29ff
- FAI Sporting Code Section 4 Page, Aeromodelling, Volume F3 Radio Control Soaring Model Aircraft, 2021 Edition, Part Five, 5.8. Class F3F 39ff

Local rules and clarifications

5.8.3. Competitor and Helpers:

The competitor must operate his radio equipment personally. Each competitor is permitted one (1) helper **at a time**. The helper is only to assist and advise the competitor until the model is passing Base A for the first time in direction to Base B and after the scored flight is completed. **An additional launch helper might be permitted by the CD in case of strong wind conditions.**

5.8.6. Cancellation of a Flight:

h) any part of the model aircraft fails to pass above a horizontal plane, level with the starting area, within five seconds of exiting the course.

> not in effect due to the height of the cliffs

5.8.7. Organisation of Starts:

If the model has not entered the speed course within the thirty (30) seconds, this is to be announced by the contest director.

> Only countdown by the timing system applies, no announcement from contest director.

5.8.10. Safety:

Additionally:

Flying in restricted areas, i.e. over the premises of Rehbergort near Dranske will be penalized by 100 points. Landing within or behind these premises will result in 1000 penalty points and zero points for the flight for missing the landing area (5.8.6.f).

The CD reserves the right to define and announce additional airspace and landing area restrictions if needed.

Upon completion of the flight task

> the model must not re-enter the course, unless the pilot gets explicit permission from the CD

> the model must be landed as soon as possible in the designated landing area, DS and aerobatics are prohibited.

Violators will be penalized by 100 points.

Flying on the slope before and after the competition is strictly forbidden. Violators will be penalized by 100 points.

>Collected penalties remain and will not be discarded in case of cancelation of the respective group or round.

5.8.17. Weather Conditions and interruptions:

> As soon as the competition director informs the pilot about low conditions, the pilot must immediately vote for re-flight or not.

Others:

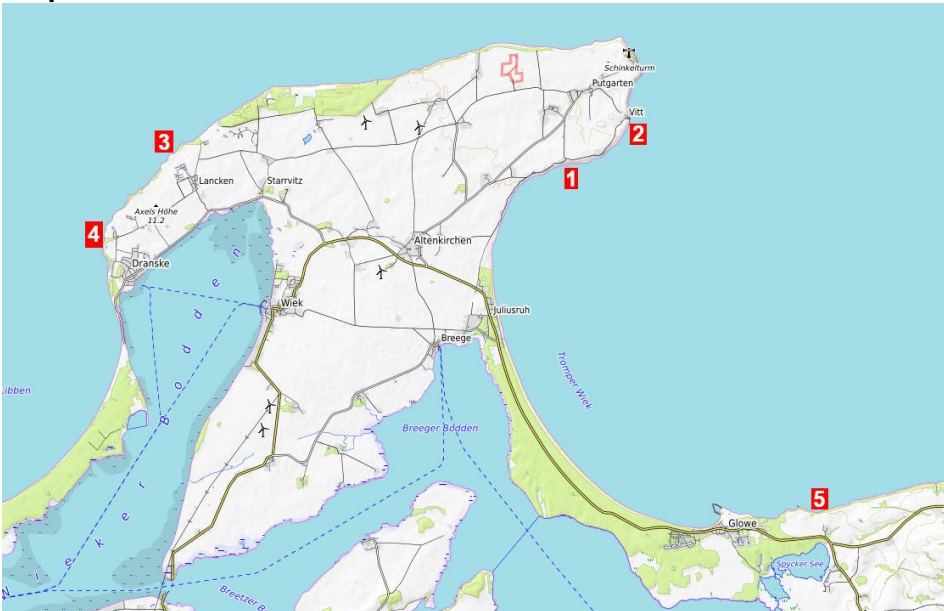

>Provisional re-flight:

In case a protest for a re-flight cannot be decided by the jury before the end of the running round, the concerned pilot will obtain a provisional re-flight (with all consequences regarding penalties) at the end of the round in order to achieve a countable score. The jury will decide as soon as possible whether the original score or the score of the re-flight will count. After carrying out the provisional re-flight, the protest cannot be with-drawn.

>Zero-pilot:

In order to increase fairness towards the first pilots in the morning of each day, we will assign a "zero-pilot" to fly the task test-wise without score.

Slopes:

Driving to parking near the slope "Vitt" (2) is only allowed with the parking permission-cards, issued in the competition headquarter and during briefing.

Detailed layouts of the flying sites will be presented during the briefing. Flying on slopes in prohibited areas without permission is strictly prohibited.

Overview

„Turbulator“ Dranske (W – SW) 4

„Windtunnel“ Kreptitz (W-NW-N) 3

Vitt (E-SE) 1 & „Goorer Berg“ (S-SW) 2

„Was Noon“, East of Glow, village of Ruschvitz

Anti-doping Assignment:	Antidoping-assignments of the DAeC and the anti-doping rules and standards of the national anti-doping agency (NADA) http://www.nada-bonn.de
